

United States Senate

May 6, 2024

The Honorable Patty Murray
Chair
Committee on Appropriations
United States Senate
Washington, DC 20510

The Honorable Susan Collins
Vice Chair
Committee on Appropriations
United States Senate
Washington, DC 20510

Dear Chair and Vice Chair:

I certify that neither I nor my immediate family has a pecuniary interest in any of the congressionally directed spending items that I have requested in the Fiscal Year 2025 Transportation, Housing and Urban Development, and Related Agencies Bill, consistent with the requirements of paragraph 9 of Rule XLIV of the Standing Rules of the Senate. None of the entities for which I have requested congressionally directed spending are for-profit entities.

Sincerely,

A handwritten signature in black ink that reads "Laphonza Butler". The signature is fluid and cursive.

Laphonza Butler
United States Senator

**Butler, Laphonza(D-CA) Transportation Housing and Urban Development
Congressionally Directed Spending Requests**

Recipient Name	Project Purpose	Project Location	Amount Requested (\$000)
San Francisco Municipal Transportation Agency	Project will fund multimodal enhancements to make walking and biking in the community safer.	13th Street and Duboce Avenue from Folsom Street to Valencia Street, San Francisco, CA CA	\$3,500
City of Alameda, California	The project will make safety and mobility improvements to a high-priority corridor that connects neighborhoods across Alameda and serves multiple destinations, including schools, commercial districts, and parks.	Alameda CA	\$3,000
City of Hayward	Funding will support the renovation of the Weekes Library which will reactivate a vital resource for South Hayward community members and provide space for diverse services in an under-resourced portion of Hayward.	Alameda County CA	\$1,835
City of Newark	The Newark Boulevard Complete Streets and Undergrounding Project would significantly upgrade Newark Boulevard, the City's primary north-south arterial street parallel to Interstate 880. The project would include various improvements to address accessibility and safety.	Alameda County CA	\$3,000
Livermore Valley Joint Unified School District	Funds would be used to support Project TK Ready, which will equip two Title I schools, Junction TK-8 and Jackson Avenue, with indoor and outdoor facilities and provide equipment to support students in universal Transitional Kindergarten classrooms.	Alameda County CA	\$1,745
Dignity Moves	Funds would be used to support portable housing units located in numerous counties around California and to provide education for residents on obtaining permanent housing and searching for employment.	Alameda County, Contra Costa County, Los Angeles County, San Bernardino County, San Francisco County CA	\$3,000
San Francisco Bay Area Rapid Transit District (BART)	Station LED Lighting Program includes materials and labor to replace fluorescent tubes with LEDs. The updated lighting will improve customer experience by providing full illumination with consistent lighting. In addition, this program is anticipated to reduce energy use from station lighting.	Alameda County, Contra Costa County, San Francisco County, San Mateo County, Santa Clara County CA	\$2,000
Ava Community Energy	Project supports voluntary installation of electric induction stoves in low-income households where one or more residents suffer from some form of chronic pulmonary condition.	Alameda County, San Joaquin County CA	\$1,500
Larkin Street Youth Services	Funding would be used to support upgrades to sites serving youth experiencing homelessness across the Bay Area.	Alameda and San Francisco Counties CA	\$1,500
City of Anaheim	Funding will allow the City to complete improvements at Delphi Park, including constructing a new restroom facility to support two baseball fields used by West Anaheim Little League.	Anaheim CA	\$3,500
City of Anaheim	Funding for site acquisition for the Beach and Lincoln Workforce and Entrepreneurship Innovation Hub, a community-serving space to promote workforce development and entrepreneurial innovation.	Anaheim CA	\$2,000

City of Arcadia	Funding will support a 4-story training tower with live fire training capabilities and a classroom. The facility will be used in partnership with the United States Forest Service and will provide opportunities for a variety of training exercises.	Arcadia CA	\$2,000
County of Kings	Funding would be used to rehabilitate the only available recreational park for a small, underserved community.	Armona CA	\$825
City of Atascadero	Project supports repairs, upgrades and enhancements to provide public safety personnel with an appropriate workspace to continue to keep the community safe.	Atascadero CA	\$2,000
City of Avalon	Project supports the redevelopment of City-owned land adjacent to the City Hall to build a workforce housing project of approximately 20 units.	Avalon CA	\$2,000
City of Bakersfield	Funding will be used to renovate the Martin Luther King Jr. (MLK) Park, located in southeast Bakersfield.	Bakersfield CA	\$5,000
Catholic Charities of the Diocese of Fresno	Funding would be used to build a Family Resource Center and Food Warehouse which would enhance and consolidate social service programs and food distribution operations in Bakersfield.	Bakersfield CA	\$3,800
City of Beaumont	Funding would be used for construction of a roadway undercrossing of a railway which will minimize risk for pedestrians and allow emergency responders to move freely without delay due to the train activity.	Beaumont CA	\$3,000
City of Berkeley	Funds for the demolition of an existing structure on site and site prep for renovations at the East Bay Regional Fire Training Facility.	Berkeley, CA CA	\$3,000
City of Berkeley	The Adeline Complete Street and Ashby BART Transit Plaza project seeks to redesign and reconstruct Adeline sidewalks, including new landscaping and street trees, reduce the number of traffic lanes and reconfigure intersections, and build a new pedestrian transit plaza adjacent to Ashby BART.	Berkeley, CA CA	\$3,000
City of Sunnyvale	Funding will expand the active transportation networks of Sunnyvale and Mountain View to better connect residential areas, job centers and recreation.	Bernardo Avenue at the Caltrain and Central Expressway crossings (Sunnyvale, California) CA	\$3,000
City of Sunnyvale	The Safe Routes to Schools and Parks project will make walking and biking safer near schools and parks at three locations. These infrastructure improvements align with numerous local, state and federal policies and initiatives, and have significant health, safety and environmental benefits.	Braly Elementary School & Ponderosa Park, Lakewood Elementary School, John W. Christian Greenbelt, and Meadowlake Drive/John W. Christian Greenbelt and Vargas Elementary School (Sunnyvale, CA) CA	\$3,625
City of Brisbane	Funds would be used to improve safety for the mobile home residences and commercial businesses on the west side of a 0.6-mile stretch of Bayshore Boulevard.	Brisbane CA	\$2,497
City of Buena Park	Funds would be used for security lighting, fencing securing, flooring rehabilitation, painting, and other interior improvements to benefit the City of Buena Park and its visitors, along with vulnerable residents who utilize the facility as a cooling center during extreme weather events.	Buena Park CA	\$500

City of Calimesa	Funds would be used to construct two missing ramps at the Interstate 10/Singleton Road interchange and realign the intersection of Calimesa Boulevard and Singleton Road.	Calimesa CA	\$5,000
City of Carson CA	Funds would be used to improve pedestrian and traffic safety for primary transit routes, City schools, and parks.	Carson CA	\$2,000
City of Chino	Funds would be used to construct a new Transitional Housing Facility, which would provide short-term housing for the homeless while they receive comprehensive services.	Chino CA	\$2,000
Chino Valley Independent Fire District	Funding would be used to purchase a Haz Mat Response Vehicle and Personal Protective Equipment for Chino Hills Fire District	Chino Hills CA	\$2,750
City of Highland, California	Project supports improvements at State Route 210 and 5th Street, which is a major access point within the City of highland and to the San Bernardino International Airport for vehicle and truck traffic. This project will widen 5th Street and add lanes to the on and off ramps.	City of Highland, California CA	\$2,000
City of Indio	Funding will be used to reconstruct the Monroe Street interchange on I-10 freeway to improve traffic flow and safety.	City of Indio, County of Riverside, California CA	\$20,000
City of Morro Bay	Funds will address the structural deterioration and safety needs at the T-Pier, which is critical for US Coast Guard and fishing industry operations.	City of Morro Bay CA	\$7,000
City of Pico Rivera	Funding will plan, design, and build a 28-mile, north-south multimodal corridor that integrates a bus rapid transit line, high-quality active transportation facilities, and transit-oriented community development.	City of Pico Rivera CA	\$2,000
Santa Clara County	Project will provide buffered bicycle lanes along the Pruneridge Avenue corridor in Santa Clara. This east-west roadway is an important part of the County of Santa Clara's cross-county bicycle corridor network.	City of Santa Clara CA	\$2,000
City of Yucaipa, California	Funds for a new library facility, which will significantly enhance the library services with state-of-the-art resources available to the community.	City of Yucaipa CA	\$1,900
City of Compton	Funds would be used for upgrades to improve worker safety, function, and the safe storage of city equipment.	Compton CA	\$1,500
County of Contra Costa	Funds for a new library/multi-use community resource center as part of a transit-oriented development that includes 340 residential units.	Contra Costa County CA	\$2,500
City of Concord	Concord, the largest city in Contra Costa County, is home to one of the smallest and oldest libraries in the area. The primary initiative involves expanding the library facility and implementing additional enhancements to the current infrastructure. These improvements aim to broaden digital access.	Contra Costa County CA	\$4,000
City of Walnut Creek	This project would enable the conversion of two grass sports fields at Heather Farm Park into artificial turf. This project will provide numerous benefits, including the conservation of natural resources from reduced water consumption and eliminating the need for fertilizing and soil replacement.	Contra Costa County CA	\$5,000

City of Costa Mesa	Funds to install electronic vehicle (EV) charging stations at various locations throughout the City of Costa Mesa.	Costa Mesa CA	\$750
County of Santa Barbara	Project provides facility improvements for Santa Barbara County Lompoc Animal Shelter in order to continue to supply the community with quality Animal Services support, and to ensure the health, safety, and welfare of the people and animals and people in the region.	County of Santa Barbara CA	\$5,900
Destination Crenshaw	Funds would be used to transform a 1.3-mile stretch of Crenshaw Boulevard in South Los Angeles into a thriving commercial corridor linked by community spaces and pocket parks.	Crenshaw CA	\$1,629
County of Del Norte	Funds would be used to improve conditions in the Veterans Hall to ensure ADA compliance and allow the building to be used as a clean-air and warming shelter during natural hazards such as wildfires or winter storms.	Crescent City CA	\$1,500
City of Cudahy	Funding would support the creation of a park to support the growing demand for accessible and well-maintained playing fields in this low-income community.	Cudahy, California CA	\$2,023
City of Desert Hot Springs	The Indian Canyon Drive Bridge Project includes the construction of two new bridges over low water crossings over the Morongo Wash along Indian Canyon Drive and Mission Lakes Blvd that sustained heavy damage due to Hurricane Hilary.	Desert Hot Springs CA	\$2,500
City of Dinuba	Funding to build another fire station in the City of Dinuba which would service a significant portion of the City.	Dinuba CA	\$5,000
City of East Palo Alto, CA	Funds would be used for safety improvements on Woodland Avenue.	East Palo Alto CA	\$2,400
City of Eastvale	Funds would be used to construct a new City Hall that will improve efficiency, community engagement, economic development efforts and resilience to natural disasters.	Eastvale CA	\$8,000
City of El Cerrito	Funds would be used to construct a new community library at the El Cerrito Plaza BART Station Transit Oriented Development (TOD).	El Cerrito CA	\$16,971
Lake Tahoe Community College District	Funding would support a shovel-ready project that would create permanent training facilities for the Fire Academy, Forestry Education, Emergency Medical Responder, and other programs.	El Dorado County CA	\$4,700
Tahoe Regional Planning Agency	Funding would support the construction of a paved pedestrian and bicycle trail between neighborhoods, the hospital, and the community college on the south shore of Lake Tahoe.	El Dorado County NV	\$5,000
Cosumnes Community Services District	Funds to establish a permanent building structure that will house training and education services for regional fire training serving all of south Sacramento County.	Elk Grove, California CA	\$2,000
City of Emeryville	The 40th Street Multimodal Project will implement transportation infrastructure improvements to mitigate the inequitable impacts over the last 80 years from construction of multiple freeways through historically "redlined" neighborhoods.	Emeryville CA	\$3,000
City of Encinitas	Funds would be used for drainage improvements on North Coast Highway 101.	Encinitas CA	\$1,000

City of Escondido	Funds would be used to improve a downtown corridor with wider sidewalks, improved pedestrian crossings, and a roundabout.	Escondido CA	\$1,750
County of Marin	Funds for rehabilitation, safety improvements and property upgrades for the Fairfax-San Anselmo Children's Center.	Fairfax CA	\$2,500
County of Marin	Funds for study and design of Bolinas Road, a key access route through a very high fire risk area that connects federal and state parklands with emergency services and provides the sole access to critical infrastructure, including a major Water Treatment plant.	Fairfax CA	\$2,456
City of Fountain Valley	Funds will support operations of the Central Cities Navigation Center (CCNC), which provides emergency housing and wrap-around services to those experiencing homelessness.	Fountain Valley CA	\$1,712
City of Fremont	Funds to transition the City of Fremont's winter emergency shelter model into a annual program.	Fremont CA	\$1,700
City of Fremont	Funds would assist in the development of a new Multi-Service Community Center at Central Park.	Fremont CA	\$3,000
Fresno County	Funding for sidewalk and storm drainage improvements in the community of Easton.	Fresno CA	\$3,000
City of Gardena	The City recently completed a Parks & Recreation Master Plan which included an accessibility focus.	Gardena, CA CA	\$3,000
City of Half Moon Bay	Funds would be used to connect the bicycle and pedestrian path from downtown Half Moon Bay to the northern City limits.	Half Moon Bay CA	\$2,200
City of Hanford	Funds would be used to improve crosswalk accessibility, remove an unsafe crosswalk, and improve intersections.	Hanford CA	\$1,088
Eden Housing	Funds would be used to rehabilitate 3 affordable housing complexes in Hayward and Vallejo, California.	Hayward and Vallejo CA	\$2,500
Hesperia Recreation and Park District	Funds would be used to relocate and construct a new modernized corps yard facility.	Hesperia CA	\$2,000
Hesperia Recreation and Park District	This project seeks to rejuvenate and modernize the Percy Bakker Community Center, which is the premier venue for special events in Hesperia.	Hesperia, California CA	\$1,300
County of Humboldt	The Garberville Complete Streets Project will reconstruct sidewalks and roadways on one of the busiest and most accident-prone areas in Southern Humboldt County.	Humboldt County CA	\$7,600
County of Humboldt	Funds will develop a comprehensive plan for the reconstruction of Trinidad Scenic Drive in order to ensure a more sustainable and resilient road for residents and visitors.	Humboldt County CA	\$800
City of Imperial	Funds for establishment of a new community park space for recreational and educational opportunities.	Imperial County CA	\$3,750
City of Brawley	Project proposes to complete construction of Main St from Eastern Avenue to Best Road to repair the road which has been deteriorating, and replace the water main line from Highway 85 to Eastern Avenue to ensure access to water and fire suppression for the community.	Imperial County CA	\$2,646
Desert Recreation District	Funds to transition a former movie theatre into a community cultural center and arts venue.	Indio, CA CA	\$3,000

Desert Recreation District	Funding would be used to start a new pilot program to establish cleaner-air centers as a response to wildfire smoke, dust, and poor air quality.	Indio, CA CA	\$3,000
City of Bishop	Funds for replacement of a new ladder truck, self contained breathing apparatuses, and other safety infrastructure.	Inyo County CA	\$2,500
Orange County Fire Authority, California	Funds would be used to install EV charging infrastructure at the Orange County Fire Authority Regional Operations & Training Center in Irvine, CA.	Irvine CA	\$2,500
City of Jurupa Valley	Funding would support comprehensive planning and management of the Santa Ana River, which serves as an endangered riparian habitat, equestrian and pedestrian trails network, location of homeless encampments, source of numerous wildland fires each year, and major stormwater conveyance system.	Jurupa Valley CA	\$350
City of Jurupa Valley	Funding would support rehabilitating the existing pavement for 3/4 mile between Bain St. and Homestead St, along with widening an existing bridge culvert structure to increase roadway capacity.	Jurupa Valley CA	\$5,950
City of California City	Funding will support a structural engineering report, which will allow the City to understand how to seismically retrofit the existing generator, allowing City Hall to function as a heating/cooling center.	Kern County CA	\$2,223
Kern Council of Governments	Bakersfield, California at State Route (SR) 58 and SR 99 interchange, this project completes the funding package for a missing freeway-to-freeway ramp from southbound SR 99 to westbound SR 58, completing a National Highway Freight Network (NHFN) interchange on the SR 58 corridor.	Kern County CA	\$10,000
Monterey-Salinas Transit District	Funds to retrofit and update the existing King City O&M Facility to safely accommodate and work on Hydrogen Fuel Cell Electric Buses.	King City CA	\$1,000
Transportation Agency for Monterey County	The King City Multimodal Transportation Center project in the King City, California, will re-establish a passenger rail station for the Amtrak Coast Starlight and the planned Coast Daylight train service.	King City CA	\$1,500
City of Kingsburg	Funding would provide a community build-out of infrastructure that will make fiber optic connection a reality for every business and resident in Kingsburg.	Kingsburg CA	\$1,000
City of Kingsburg	Funding would be used to acquire an ambulance which would ensure essential medical transportation services for vulnerable populations.	Kingsburg CA	\$550
City of Kingsburg	Funding would go to the development the City's dual use City Hall and Emergency Operations Center to serve a growing community and provide essential public services.	Kingsburg CA	\$3,000
Theatre and Arts Foundation of San Diego County dba La Jolla Playhouse	Funds for replacement of outdated equipment to improve infrastructure for providing community theatre and engagement programs.	La Jolla CA	\$900
City of La Palma	Funds for the revitalization and enhancement of existing public safety facilities to ensure optimal functionality, safety, and efficiency for public safety personnel.	La Palma CA	\$2,000

City of La Quinta	Funds would provide improvements to the 7.5-acre park, including an expanded dry playground, a new promenade, a new plaza area, new play equipment, a new parking lot, EV charging stations, a new water playground with a wading pool, and an expanded pool deck.	La Quinta, California CA	\$3,000
City of Laguna Hills	Funds would be used to comprehensively upgrade 49 signalized intersections to address high-volume traffic challenges, enhance vehicle, pedestrian, and cyclist safety, and ensure clear paths for emergency vehicles.	Laguna Hills CA	\$4,911
City of Lake Elsinore	Funds would be used to support homeless services and 15 new transitional housing units.	Lake Elsinore CA	\$2,500
City of Lake Elsinore	Funds to renew and restore Lake Elsinore, which has suffered from numerous algae blooms, fish kills, and closures due to poor water quality and high bacteria level.	Lake Elsinore CA	\$8,000
Affordable Housing Clearinghouse	Funding would be used to provide 150 very low- and low-income youth aged 16-24 bi-lingual, financial, budgeting and credit workshops, and one-on-one counseling in targeted areas in Orange County and Long Beach.	Lake Forest CA	\$100
City of Lakewood	Funds would be used to establish a civic center town square designed to support events and activities for the community, fostering social interaction, cultural exchange, and civic engagement.	Lakewood CA	\$5,000
The Cabel Foundation	Funds would be used to support the Hydrogen and Electric Refueling Station which generates both hydrogen and electricity, enabling the station to service both hydrogen and electric vehicles.	Lawrence Livermore National Laboratory, Alameda County CA	\$10,000
Mono County, California	Funding would be used for repairs and reinforcement of critical evacuation and emergency response infrastructure.	Lee Vining, California; Swall Meadows, California; June Lake, California. CA	\$4,600
Century Villages at Cabrillo	Funds would be used to provide noise abatement and improve air quality and safety on a multi-use supportive housing campus.	Long Beach CA	\$1,000
City of Long Beach	Funds would be used to explore the feasibility of a Youth Center as part of the City's coordinated violence prevention efforts.	Long Beach CA	\$1,500
Long Beach Transit Company	Project will fund the acquisition of one all-electric bus by New Flyer Corporation as part of a program to replace 20 hybrid buses purchased in 2007 that have reached the end of their service life with a fleet of zero emission buses.	Long Beach CA	\$800
City of Los Alamitos	Funding for a mobile RV to serve as both a recreational center and a mobile emergency operations center.	Los Alamitos CA	\$175
The People Concern	Funds would support wraparound services in Skid Row.	Los Angeles CA	\$371
Safe Place for Youth	Funds would be used to purchase and renovate a property to support youth experiencing homelessness.	Los Angeles CA	\$1,674
City of Los Angeles	Funds to support repairs, property acquisition and other activities needed to stabilize the Family Justice Center in Los Angeles.	Los Angeles CA	\$2,500
PATH Ventures	The project would support operations at six affordable housing buildings.	Los Angeles CA	\$2,363

Los Angeles Cleantech Incubator	Funds would be used to deploy chargers with additional distributed energy resources in the form of battery energy storage systems and/or solar.	Los Angeles CA	\$10,000
Los Angeles County Fire Department	Funds to relocate, design and construct a replacement Fire Station 81.	Los Angeles CA	\$1,225
Los Angeles County Department of Health Services	Funds for the development of a long-term home and access point for various components of the Skid Row Action Plan in downtown Los Angeles.	Los Angeles CA	\$1,500
Los Angeles County Department of Military and Veterans Affairs	The Veteran Wellness Program is designed to enhance the well-being and overall health of veterans by providing them with access to a dedicated space to engage in physical activity, improve overall well-being, and foster social connections with fellow veterans.	Los Angeles CA	\$340
PUENTE Learning Center	Funds for a facility renovation project to re-configure classroom space and to meet required occupancy and seismic standards.	Los Angeles CA	\$2,500
FASTLinkDTLA The Transportation Management Organization for Downtown Los Angeles	Project would beta-test safe, accessible transit to and from jobs, entertainment venues and Olympic and Paralympic venues in preparation for the 2028 LA Olympics.	Los Angeles CA	\$2,000
Project Angel Food	Funding supports significant expansion of Project Angel Food's operations to triple capacity and provide needed space for staff, volunteers, and delivery operations.	Los Angeles CA	\$1,000
Loyola Marymount University	Funding will go towards implementing surficial mitigation plans to prevent full slope failure on LMU's campus.	Los Angeles CA	\$2,500
PATH Ventures	Funding would be used to provide critical housing upgrades for low-income households and people experiencing homelessness on or near LA's Skid Row neighborhood.	Los Angeles CA	\$2,363
Japanese American National Museum	Funds would be used to upgrade The Japanese American National Museum pavilion's infrastructure and continue to preserve and steward the tens of thousands of humanities artifacts and materials of historical and cultural significance in the museum's care.	Los Angeles CA	\$2,500
Neighborhood Housing Services of Los Angeles County	Funds would be used to provide financial education, estate planning and counseling, and wealth-building strategies to communities of color in order to increase their capacity to maintain generational wealth and preserve cultural neighborhoods.	Los Angeles CA	\$1,500
Los Angeles County Department of Parks and Recreation	Funds would be used to provide a new indoor facility to support youth mentorship and sports instruction, social gatherings, and other youth programs at the historic Maggie Hathaway facility in South Los Angeles.	Los Angeles CA	\$1,500

City of Maywood	Funding to design and construct a teen center to serve youth, young adults and their families.	Los Angeles County CA	\$2,000
Long Beach Community College District	Funds to provide approximately 300 furnished bedrooms for students, faculty, and staff, and reduce the impacts on members of the community that may face housing insecurity.	Los Angeles County CA	\$3,000

U.S.VETS	Funds to provide a wellness center for veterans that includes a food bank, veteran peer-to-peer support, legal services, and a workforce development space.	Los Angeles County CA	\$2,000
City of Rosemead	Funds for the replacement of flooring and lighting and renovation of the existing six restrooms at the Rosemead Garvey Avenue Community Center.	Los Angeles County CA	\$1,400
City of Norwalk	Funds for the development of a pilot program to provide Microtransit "On Demand" services and a first/last mile connection to local destinations.	Los Angeles County CA	\$1,132
Gateway Cities Council of Governments	Project seeks to revise the Gateway Cities Council of Governments (GCCOG) Strategic Transportation Plan (STP), by integrating traffic data to strategically allocate subregional funds to address congestion, mobility and operational needs.	Los Angeles County CA	\$1,771
Living Advantage, Inc.	Project seeks to renovate a community center serving low-and moderate-income residents and vulnerable populations in Los Angeles.	Los Angeles County CA	\$1,500
YWCA of the Harbor Area & South Bay	Funds for restoration of the historic Julia Morgan-designed building that has been home to the YWCA of the Harbor Area and South Bay since 1918, and for new dormitory-style housing for women and children escaping domestic and sexual violence.	Los Angeles County CA	\$2,000
City of Alhambra	Project seeks to build a Community Center in the City of Alhambra, to include classrooms, fitness areas, multipurpose rooms, community meeting spaces, exterior recreation areas and outdoor spaces for respite and gathering.	Los Angeles County CA	\$6,000
City of Monterey Park	Funds for the reconstruction of an aging and unsafe fire station that currently does not meet building code standards.	Los Angeles County CA	\$4,500
San Gabriel Valley Regional Housing Trust	Project supports a number of affordable and homeless housing projects in the San Gabriel Valley in need of gap financing.	Los Angeles County CA	\$2,000
San Gabriel Valley Council of Governments	Funds will support the creation of a high-quality active transportation network across the eastern San Gabriel Valley to facilitate and promote walking and bicycling, and to enhance safe connectivity to nearby transit services.	Los Angeles County CA	\$5,000
Coalition for Responsible Community Development	Funds will be used for the historic rehabilitation and adaptive re-use of an African American cultural heritage site (the Lincoln Theatre) to become the Lincoln Community Center in South Los Angeles.	Los Angeles County CA	\$3,000
Linc Housing Corporation	Funding will be used to create a campus with housing and services that promotes "hope and healing". The development includes 124 units of affordable and supportive apartment-homes for low-income households earning 30% to 60% of the area median income.	Los Angeles County CA	\$1,500
Foothill Transit	Funding would be used to replace 24 retirement-eligible CNG buses which are at the end of their life cycle as defined by the Federal Transit Administration (FTA).	Los Angeles County CA	\$6,318
Los Angeles Metropolitan Transportation Authority (Metro)	Funding would be used for bus shelters and bus stop improvements across Los Angeles County based on a critical bus stop assessment, which is focused on stops in disadvantaged communities.	Los Angeles County CA	\$5,000

City of Artesia	The Citywide Road Rehabilitation Project targets Artesia roads rated as "very-poor" for comprehensive repairs and enhancements, covering over 400,000 square feet. This Project will include resurfacing for smoother travel, upgrades to curbs and gutters for optimal water management.	Los Angeles County CA	\$6,000
Habitat for Humanity of Greater Los Angeles	Funding would support the construction of for-sale homes, 90 of which will be reserved for low—and moderate-income households. The new homes are part of a transformative mixed-use development offering homeownership, rental opportunities, and retail space.	Los Angeles County CA	\$2,000
Gateway Cities Affordable Housing Trust	Funds to provide gap financing for affordable housing developments to address the ongoing housing crisis in California.	Los Angeles County CA	\$3,000
D'Andre D Lampkin Foundation	Project would establish the Civic Action Center as a hub fostering innovation, collaboration, and economic development, equipped with workstations, meeting rooms, and a community kitchen.	Los Angeles County, Riverside County, San Bernardino County CA	\$1,989
Los Angeles County Museum of Natural History Foundation	Funding would be used to support significant renovation and expansion and the La Brea Tar Pits in Los Angeles County.	Los Angeles, California CA	\$1,500
The Colburn School	Project would transform the currently underutilized library facility into the Colburn Community Arts Center, which would serve the local community, students, and their families.	Los Angeles, California CA	\$3,040
California Science Center Foundation	Funding will be used for the construction of the building foundation, installation of exhibits, and equipping of a facility to house retired NASA Space Shuttle Endeavour, and expand the Science Center's education space.	Los, Angeles CA	\$2,000
City of Lynwood	Funds for installation of a new gym floor, an ADA bleacher system and other facility updates for the Lynwood Community Center Gymnasium.	Lynwood CA	\$1,000
City of Lynwood	Funding will support improving the median that runs along Imperial Highway at the 710 freeway. Work will include removing the current concrete and replacing with drought tolerant plants and repairing and upgrading the street lights.	Lynwood, California CA	\$2,500
Madera County	Funding would be used to support a two-lane highway which serves as the primary commute corridor between rural eastern Madera County and employment centers.	Madera CA	\$14,000
City of Malibu	Funding would go to establish a permanent facility for the Malibu Community Labor Exchange.	Malibu CA	\$1,000
Marin Clean Energy	Project supports the installment of temporary replacement water heaters while necessary prerequisites to installing a heat pump water heater are being arranged, to allow customers to comfortably transition to high efficiency electric heat pump water heaters.	Marin, Solano, Contra Costa and Napa counties CA	\$1,360
County of Costa Contra	Funds for the construction of a bike path along Marsh Drive from Center Avenue to the Walnut Creek channel.	Marsh Drive from Center Avenue to the Walnut Creek channel, Pacheco CA	\$3,000
City of Mendota	Funds would be used for the rehabilitation of roads and leverage additional grant funds to get all roads in the city back to a passing grade.	Mendota CA	\$5,000

Merced County Association of Governments	Funds would be used for the acquisition of four new clean-diesel motor coaches to replace portions of an obsolete Yosemite Area Regional Transportation System (YARTS) fleet.	Merced CA	\$3,400
City of Gustine	Funding will provide the last dollars to complete a community facility in an underserved, low-income Gustine neighborhood.	Merced County CA	\$988
Merced College Foundation	Funding will support a new center to serve as a collaborative hub for first responders, offering state-of-the-art training facilities and equipment.	Merced, California CA	\$4,000
City of Milpitas	This request is to procure a new heavy rescue apparatus for the Fire Department that has the ability to carry and rapidly deploy, the thousands of pounds of heavy rescue equipment required to manage the myriad of Special Operations and Rescue Incidents.	Milpitas CA	\$1,200
City of Milpitas	Funds for repairs and renovations of the Milpitas Community Center (MCC), including a replaced roof and HVAC, new restroom and new children's garden.	Milpitas CA	\$1,500
City of Mission Viejo	Funds to facilitate increased trail usage by enhancing parking opportunities and improving trail access and ADA accessibility for residents	Mission Viejo CA	\$850
Stanislaus Council of Governments	Funds would be used to secure right-of-way for approximately 5 miles of realigned highway, two grade separations with overpasses, and a roundabout.	Modesto CA	\$5,000
City of Montclair	Funds would be used to develop a 2.42-acre community park on land that was previously used as a Police Department Impound Lot.	Montclair CA	\$2,044
County of Monterey	Funds to support the Family Justice Center in Seaside which co-locates service providers for services to victims of domestic violence, sexual assault, and abuse.	Monterey County CA	\$4,000
County of Monterey	Funding would be used to construct a new regional Bike and Skate Park serving Monterey, San Benito and Santa Cruz Counties.	Monterey County, California CA	\$3,000
County of Monterey	Funding would support a multi-benefit, green infrastructure project that will recreate hydrological connectivity, restore habitat, and reduce flood hazards in the Carmel River Watershed.	Monterey County, California CA	\$1,000
City of Moreno Valley	Funds would be used to design and select the site for a new library, senior center, recreation center, and youth center in Moreno Valley.	Moreno Valley CA	\$7,000
Transportation Agency for Monterey County	The Highway 1 Corridor Elkhorn Slough Climate Resiliency Project will focus on an eight-mile stretch of Highway 1 through the disadvantaged community of Moss Landing and the parallel rail tracks traversing the Elkhorn Slough.	Moss Landing, California CA	\$2,000
City of Murrieta	Project will construct a new interchange on Interstate 215 (I-215) connecting Keller Road to the interstate and providing critical access to regional medical providers.	Murrieta CA	\$3,000
County of Nevada	Funds to complete a right-of-way assessment and mapping needed for the establishment of safe evacuation routes in Nevada County.	Nevada City CA	\$3,250
County of Nevada	Funds for the purchase of two zero emission buses and one charger to begin the transition to a zero-emission fleet.	Nevada City CA	\$1,500

CureDuchenne	Funds would be used to establish a clinic to address the unmet needs of individuals and families grappling with Duchenne muscular dystrophy with a focus on serving underserved populations.	Newport Beach CA	\$2,500
Museum of Jazz and Art	Funds would be used to support the Museum of Jazz and Art (MOJA) and the History Hope and Heritage Center (HHHC), which raises awareness of the importance of jazz and art to American culture.	Oakland CA	\$850

San Joaquin County CA	\$5,000

City of San Jose	Project supports construction of a 204-unit site, which will operate as an interim shelter for individuals who are experiencing homelessness or are chronically homeless.	San Jose CA	\$1,500
Santa Clara Valley Transportation Authority	Funding will support the expansion and redevelopment the San José Diridon station, which is the main transit hub for Silicon Valley.	San Jose CA	\$3,500
City of San Leandro	The City of San Leandro Monarch Bay Shoreline Development Project will create a regional park destination along the shoreline to serve residents and address climate threats.	San Leandro, California CA	\$3,000
County of San Luis Obispo	Funding will replace the existing bridge, which is almost 60 years old and found to be seismically vulnerable, with a modern concrete box girder bridge approximately 300-feet long. The new bridge will be constructed adjacent to the existing bridge.	San Luis Obispo County CA	\$2,129
City of San Mateo	Project would provide updates to the 57-year-old Lakeshore Community Center to meet the community's critical need for fulltime affordable preschool.	San Mateo CA	\$2,000
City and County Association of Governments of San Mateo County	Funds would be used to develop a comprehensive analysis of existing and future bicycle and pedestrian infrastructure, with an emphasis on safety, sustainability, health, and social equity, and identify gaps to enhance multimodal transportation options.	San Mateo County CA	\$1,012
City of Burlingame, California	Funding will eliminate the existing Caltrain railroad crossing at Broadway and will create a grade-separated crossing at the intersection.	San Mateo County CA	\$10,000
San Mateo County Transit District	Funding will be used for improvements to bus stop amenities throughout SamTrans' bus network in San Mateo County and parts of San Francisco and Santa Clara Counties.	San Mateo County CA	\$2,089
City of South San Francisco	The City of South San Francisco's Early Childhood Education Master Plan identified an urgent need to increase the number of available preschool spots for children ages 0-5 in South San Francisco. The City has identified the Westborough neighborhood as having the most early education.	San Mateo County CA	\$2,000
Peninsula Clean Energy	Project will provide home electrification upgrade direct-installation services for eligible low-income customers living in single-family residences.	San Mateo County, California CA	\$2,000
Golden Gate Bridge, Highway and Transportation District	This project will reconstruct a new San Rafael Transit Center to provide transit services to facility users, enhance safety, and address capacity constraints.	San Rafael, California CA	\$3,000
City of Santa Ana	Funds would be used to support a new outdoor recreation space for the communities in Santa Ana.	Santa Ana CA	\$2,500
Santa Barbara County Association of Governments	Funds to improve safety, expand multimodal access, and reconnect communities in Santa Barbara, including the replacement of two 100-year old railroad structures that have limited vertical clearance.	Santa Barbara CA	\$1,500
City of Santa Barbara	Funds to rehabilitate Santa Barbara's commercial fishery icehouse, which supports the needs of the local commercial fishing industry.	Santa Barbara CA	\$1,000

City of Santa Clara	The City of Santa Clara has partnered with the City of Cupertino to implement an on-demand micro-transit shuttle project (also known as Silicon Valley Hopper) to serve those who live and work in the two cities.	Santa Clara County CA	\$2,000
City of Santa Cruz, California	Funds would be used to purchase, deliver, and assemble Safe Sleeping Cabins at the City of Santa Cruz's primary transitional homeless shelter.	Santa Cruz CA	\$1,500
City of Santa Cruz, California	This project will make urgent safety improvements to the Murray Street Bridge, a major connector route in the City of Santa Cruz. The improvements will also benefit bike and pedestrian travel, as well as storm drainage.	Santa Cruz CA	\$3,500
Santa Cruz Metropolitan Transit District	Funding will support interim fueling infrastructure as well as a supply of hydrogen fuel and operations and maintenance services for Santa Cruz Metro.	Santa Cruz County CA	\$1,940
City of Solana Beach	Project will improve multi-modal access to Lomas Santa Fe Drive, an essential East-West corridor providing access to schools, community facilities, the City's main beach access, a regional train, and the San Dieguito Regional Park.	Solana Beach CA	\$8,000
County of Solano	Project would establish an innovative, early child care and education center, located in one of the most under-resourced neighborhoods in Solano County.	Solano County CA	\$3,000
Sonoma County Administrator's Office	This project would include both safety improvements and roadway fortification to ensure the road can be maintained due to ongoing climate effects.	Sonoma County, CA CA	\$2,500
City of South Lake Tahoe	Funding would support a 70-unit, 100% affordable mixed-income residential project with a commercial and live/work component.	South Lake Tahoe CA	\$6,000
City of Ceres	Funding will be used for the revitalization of a veteran-specific building to become the City's prime resiliency center.	Stanislaus County CA	\$2,266
County of Stanislaus	Funding would provide needed hard infrastructure that would serve to connect urban pockets to the broader Stanislaus Community.	Stanislaus County CA	\$2,250
City of Patterson	Sperry Avenue interchange is located on Interstate-5 in Stanislaus County, west of the City of Patterson, at Postmile 15.8. Built in the 1960s for Patterson's small community, the interchange faces increased traffic due to growth, drawing businesses and residents.	Stanislaus County CA	\$4,000
Yosemite Community College District	Funds to support and expand student enrollment offerings through the Columbia College Fire Technology Program.	Stanislaus County, Tuolumne County CA	\$800
City of Stanton	Funds would be used to purchase and install 960 new LED streetlight bulbs in disadvantaged communities. Changing the streetlight bulbs to LED has several benefits, including increased public safety and visibility and a decrease in crime.	Stanton CA	\$475
City of Stanton	This project would provide funding to enhance the existing Community Center and Senior Center and renovate the bathrooms to ensure they are ADA-compliant.	Stanton CA	\$1,000

City of Stanton	This project would provide funding to restore a pedestrian bridge over a flood control channel at the end of Orangewood Avenue to reconnect places of interest including Stanton Park, City Hall, the Stanton Branch of the OC Library, grocery stores, and the Stanton Boys and Girls Club.	Stanton CA	\$630
City of Stockton	Funds would be used to develop and design transportation amenities to improve the safety and connectivity of local businesses, parks, and others along the Pershing Avenue corridor.	Stockton CA	\$2,500
San Joaquin Community Foundation Inc	Funds would support a community-designed and community-led capital project to preserve 24 acres of land by constructing a LEED, ADA-friendly recreational facility in Stockton, California.	Stockton CA	\$2,500
San Joaquin County - Department of Aviation	Funds will be used to procure and install two aircraft passenger boarding ramps and to procure and install two aircraft passenger boarding bridges.	Stockton, California CA	\$2,500
Solano Transportation Authority	Funding would improve the resiliency of the interchange, and also the reliability and affordability of various transportation options that enhance access, reduce emergency response time, and improve safety for residents in the region.	Suisun City CA	\$2,500
Solano Transportation Authority	Funding would be used to connect two I-80 Express Lane Projects stretching between the Yolo Express Lanes Project, which terminates at the Yolo-Solano County Line, and the Solano I-80 Express Lane, which begins at I-505 in the city of Vacaville.	Suisun City CA	\$5,000
Discovery Science Center Orange County	The Fire Ranger Training Grounds will provide workforce development opportunities and inspire young adults to be active in the world of fire prevention.	Sylmar CA	\$1,650
San Francisco County	Funds to establish the first ever Food Recovery & Waste Reduction Center at the SF Market to centralize distribution and improve food access for the community.	The San Francisco Market CA	\$1,360
South San Joaquin County Fire Authority (SSJCFA)	Funds for the South County Fire Training Center which will provide critical training resources.	Tracy CA	\$2,000
City of Tulare	Funding will be used to complete the construction of a permanent homeless shelter that will also provide supportive services for those in Tulare and in the greater county.	Tulare CA	\$2,000
City of Union City	Funding would be used to provide affordable and sustainable transportation options for Union City Transit services.	Union City CA	\$1,800
City of Union City	Funding would be used for an Affordable Housing project serving low income families and residents in Union City and located in the Decoto neighborhood.	Union City CA	\$3,000
City of San Buenaventura (Ventura)	Funds to support an interim shelter to serve individuals and families experiencing homelessness.	Ventura CA	\$2,500
City of Thousand Oaks	Funds for the purchase of six new electric Dial-A-Ride paratransit vehicles to replace alternate fuel and gasoline-powered vehicles.	Ventura County CA	\$2,000
City of Visalia	Funds would be used for accessibility improvements throughout Visalia's downtown.	Visalia CA	\$5,000

City of Vista	Funding would go to improving safety by reducing vehicle speeds and installation traffic calming measures, such as roundabouts and the addition of biking and walking facilities with safe pedestrian crossings.	Vista CA	\$15,700
City of West Hollywood	Funds would be used to provide accessibility-related park improvements around Hart Park and the existing historic Hart House.	West Hollywood CA	\$1,000
Midway City Sanitary District	Funds for the purchase of an electric trash truck to provide residential daily Municipal Solid Waste collection and transport.	Westminster CA	\$800
City of Whittier	Funds for the development of comprehensive fiber network in Whittier, California, to upgrade and expand the City's digital infrastructure.	Whittier CA	\$500
Merced County	Funds would be used to construct a new library for Winton residents.	Winton CA	\$3,100
County of Yolo	Funds support the launch of a countywide crisis and sobering system of care, including a 24/7 receiving center for both mental health and substance abuse crisis.	Woodland CA	\$2,000
City of West Sacramento	Funds for establishment of a bicycle/pedestrian/equestrian Rail-to-Trail corridor which will link the West Sacramento and Clarksburg communities across 13.4 miles while reducing carbon emissions.	Yolo County CA	\$4,224
City of West Sacramento	Project will construct approximately one mile of a bicycle and pedestrian trail.	Yolo County CA	\$1,300
